Jeff L. Voyles, MA
Adjunct Professor of Gaming Management

Jeff L. Voyles, Adjunct Professor of Gaming Management at the W.F. Harrah Hotel School of Administration at the University of Nevada, Las Vegas joined the UNLV faculty in 2003. Jeff is also a lecturer at the International Gaming Institute at UNLV. Lecture topics have ranged from protection of casino games, surveillance, Nevada homeland security, and table games management. He currently teaches Protection of Casino Games and Surveillance, Gaming Regulation and Control, and Quantitative Methods-Application Casino Math.

He received his BS in Hotel Administration (gaming emphasis) from the University of Nevada, Las Vegas, holds a MA degree in Organizational Management, and is currently finishing his dissertation for a Doctorate degree in Organizational Corporate Leadership from the University of Phoenix.

Jeff has been with the MGM / Mirage Corporation for 11 years in a variety of positions ranging from dealer, to corporate trainer, senior gaming instructor, scheduling coordinator, contributing writer for MGM corporate briefings, table games supervisor, and a member of the advantage play detection team. His teaching and research primarily address the management and leadership styles of the table games department. He is currently researching the possible correlation between leadership styles in the table games department and job satisfaction in a Las Vegas casino.

Jeff has a unique perspective on gaming by recognizing the need for highly trained professionals in the gaming industry; his passion is to establish a bond between academia and the gaming business. He has formed an unyielding commitment to educating and preparing quality Gaming Management students to fulfill the immediate and future concerns of the gaming industry.
