

**Erratum: "THE FAINT END OF  
THE DISK LUMINOSITY FUNCTION"**  
[J. of Korean Astron. Soc., **22**, 101(1989)]

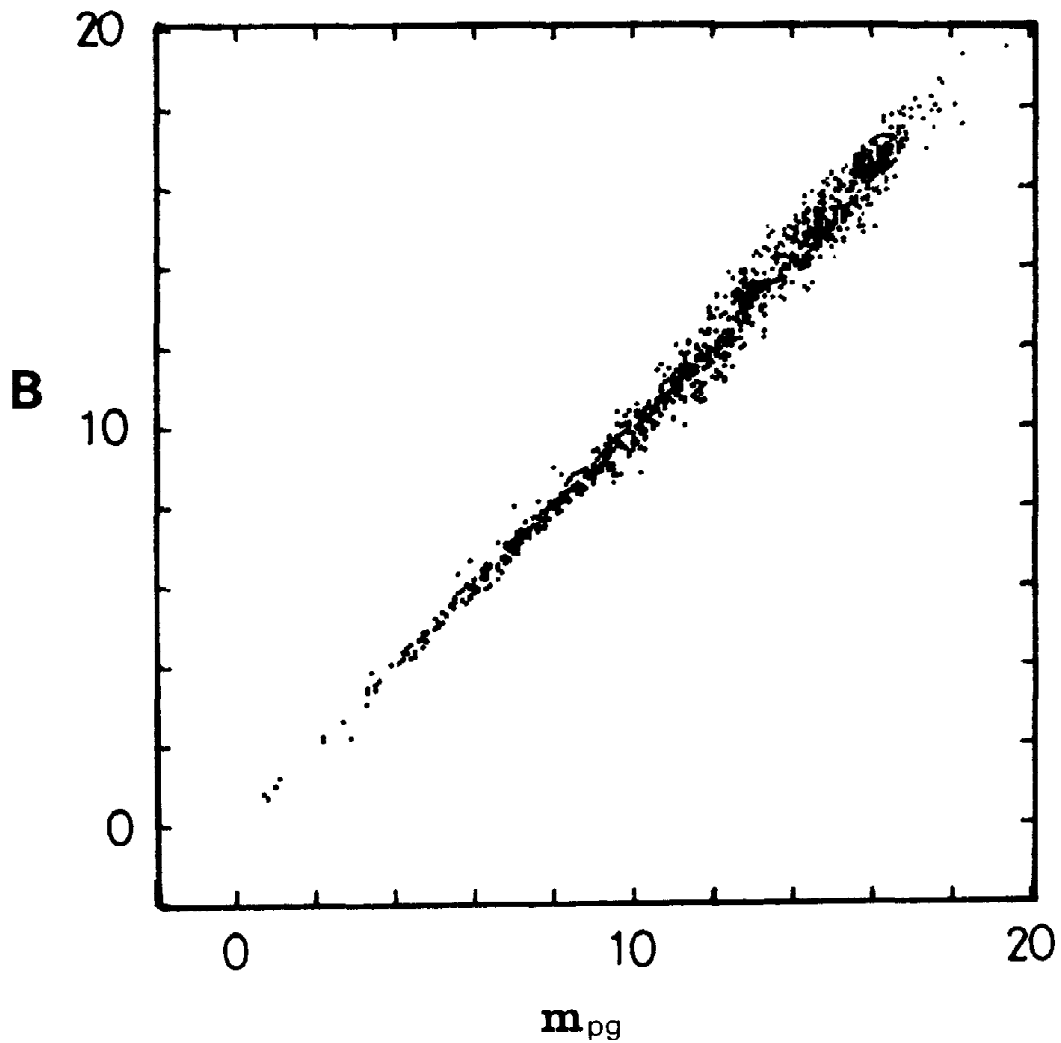

LEE, SANG-GAK, HYUN, JONG-JUNE

Department of Astronomy, Seoul National University

YU, YOUNG-SUN

Department of Earth Science, Seoul National University

Some misprints and missing figure 2 are found.

misprints;

- On the page 104, i) in the fifth line, "The reduced proper motion  $M_v$ ..." should be read as "The reduced proper motion  $H_v$ ..."  
 ii) in the seventh line, "...(i.e.,  $M_v$  versus..." as "(i.e.,  $H_v$  versus..."  
 iii) in the eighth line, "RDMD),  $M_v$  will...", as "RDMD),  $H_v$  will..."  
 iv) in the eleventh line, "...used it ( $M_v$  versus  $B-V$ )..." as "... used it ( $H_v$  versus  $B-V$ )..."
- On the page 105, i) in the fifteenth and sixteenth lines, "Figure 1" should be read as "Figure 2".  
 ii) in the seventeenth line, " $8 > m_{pg} < 12.5$ ", as " $8 < m_{pg} < 12.5$ ".
- On the page 106, i) in the fourteenth line, " $\langle M_v \rangle = 0.88 H_v - 3.75$ " should be read as " $\langle M_v \rangle = 0.96 H_v - 5.19$ "  
 ii) in the fifteenth line, " $\langle M_v \rangle = 1.26 H_v - 12.87$   
 $\langle M_B \rangle = 1.25 H_B - 13.01$ " as " $\langle M_v \rangle = 1.26 H_v - 12.97$   
 $\langle M_B \rangle = 1.25 H_B - 13.07$ "  
 iii) in the sixteenth line, " $\langle M_v \rangle = 0.59 H_v - 1.77$ "  
 as " $\langle M_v \rangle = 0.59 H_v + 1.77$ ."
