

Erratum - Evaluation of the repair capacities and color stabilities of a resin nanoceramic and hybrid CAD/CAM blocks

This corrects the article “Evaluation of the repair capacities and color stabilities of a resin nanoceramic and hybrid CAD/CAM blocks” on page 143 of volume 12.

[J Adv Prosthodont 2020;12:140-9]

DOI of original article: <https://doi.org/10.4047/jap.2020.12.3.140>

The article ‘Evaluation of the repair capacities and color stabilities of a resin nanoceramic and hybrid CAD/CAM blocks’ authored by Hasibe Sevilay Bahadır, Yusuf Bayraktar, published in June issue [Vol 12, No 3] of The Journal of Advanced Prosthodontics (2020), has an erratum.

On Table 3 of page 143, there was a misspelling. The mean uTBS of Lc2 + S (n = 35) should be written as 10.034 instead of 1.034.

The Journal of Advanced Prosthodontics apologizes to the readers for this error.
