In the article titled “Deoxypodophyllotoxin Induces ROS-Mediated Apoptosis by Modulating the PI3K/AKT and p38 MAPK-Dependent Signaling in Oral Squamous Cell Carcinoma”, the authors noticed that the protein names was given incorrectly in the Figure 3A and C. The protein name p38 MAPK should be changed to p-p38 MAPK in Figures A and C in the paper.

The correct ‘Figure 3A and 3C’ are now available online.
